

The Massachusetts Clean Commute Challenge Friday, September 21, 2018

Our office has entered the Massachusetts Clean Commute Challenge ("The Challenge")! Help us win by choosing a sustainable mode of transportation to commute to and from work on Friday, September 21st.

Goal

Hosted on the same day as World Car-Free Day, this annual MassRIDES sponsored event aims to reduce the number of single occupancy vehicles on the road.

Competition Guidelines

Eligible partner companies will engage in a friendly competition to see who can achieve the highest rate of sustainable commuters. Companies with the highest percentage of sustainable commuters in Bay State Commute will win a free commuter breakfast on the day of their choosing*.

Plus, you could win one of several \$25 Amazon gift cards*!

How to Help Us Win and Become Eligible for Your Own Amazon Gift Card

1. **Commute green!** Options range from carpooling; vanpooling; biking; walking; taking transit or a ferry; and telecommuting, if your supervisor allows it.
2. **Log your trip** in BayStateCommute.com/MassRIDES. Accounts are free and you can earn discounts to your favorite restaurants and shops.

Put your sustainable commute to good use on September 21st and help us win!
